# MR. SUTHERLAND ACCEPTS HONOR.

Makes Brief Speech Before Members of Committee.

CALLISTER IS CHAIRMAN.

Members of New Republican State Central Committee Met Yesterday Afternoon to Transact Business.

The organization of the new State Republican central committee was perfected at a meeting which was held at the State headquarters at 5 o'clock yesterday afternoon.

After the meeting had been called to order by State Chalrman E. H. Callister, upon the motion of D. H. Wenger of Salt Lake Mr. Callister was upani mously re-elected to the position of chairman, Mr. P. P. Christensen was made first vice chairman and Mrs. Emmeline B. Wells, elected second vice chairman. At this juncture a delegation of ladies, consisting of Mrs. Arthur Brown, Mrs. Emma J. McVicker and Mrs. Annie M. Bradley appeared before the committee and indulged in a few remarks to the effect that the Republic can women were not receiving enough recognition. This grievance was soon adjusted to the extent that the name of Mrs. Annie Bradley was unanimously chosen by those present for the office of secretary to the committee. On the motion of Mr. Wenger, the chairman was authorized to appoint an

executive committe of seven members who were to be ex-officia members of the committee. After the meeting had been adjourned the chairman an-nounced that the choice had fallen upon the following:
A. L. Thomas of Salt Lake, D. H.

Wenger of Salt Lake, John C. Graham of Provo, Arthur Pratt of Salt Lake, Joseph A. Smith of Providence, Thomas Kearus of Salt Lake, W. F. Adams of Ogden and the State chairman and State secretary, ex-officio members. George Sutherland, candidate for Representative in Congress, then acted as spokesmen for the candidates. Inci-dentally he defined his own position and at the same time accepted the nommation given him at the hands of the convention at Provo on the day pre-vious. He said in part:

I endeavored as strongly as I knew how to prevent my nomination by the now to prevent my nomination by the convention, and to that extent tried to control its action. The result reminds me of the philosophical observation of a cowboy friend of mine, with reference to an exceedingly active broncho which he was in the habit of giving his friends to ride. He said that there there is consisted almost riding that brenche consisted almost entirely of climbing into the saddle and regaining consciousness. I am just be-I was very earnest and very sincere in my desire that the convention should not nominate me. Its action has put me personally as well as others to whom I am under obligations, in an exceedingly awkward situation. The nomination, however, has been made. am told that for me to decline would place the party in a serious pre-dicament. I cannot afford to be respon-sible for that result. I have, therefore, concluded to make the best of the situaion and to accept the nom duties to others are such that I cannot give my full time to the campaign. So far as I possibly can, however, I will engage in the campaign, and to the extent of my ability help carry the ticket to the victory that I am certain is coming. The drift of sentiment al ver the State is decidedly in our direct tion. We are gaining accessions every day. In my deliberate judgment we are going to win, and win by a ma-jority so decisive that this State in the future will not be regarded as doubt-After the discussion of various topics

in which the party was interested, the meeting then adjourned. The members

Ferdinand Erickson of Mount Pleasant Selected for Former and W. K. Reid of Manti for Latter.

The Seventh judicial Democratic convention comprising the counties of Sanpete, 'Carbon, Emery, Grand and San Juan, met this morning at 10 o'clock at the headquarters of the Democratic State committee in the Progress building. Mr. Muray of Ephraim the chairman reported full delegates from all except Grand and San Juan countles, which were unrepresented.

A hitch arose in the proceedings owing to the Emery county delegates to the Democratic State convention not having been elected as delegates to the judicial convention. Of all legislative measures that have been passed for the advancement of the Utah State militia, none has accomplished as much good as the one appropriating funds for the annual guard encampment. At no time during the contest did John Lawson doubt his ability to defeat Turville.
